

COMPLIANCE WITH THE PUBLIC SECTOR BODIES (WEBSITES AND MOBILE APPLICATIONS) (NO. 2) ACCESSIBILITY REGULATIONS, 2018

This website is managed by Thorner Parish Council.

We want as many people as possible to be able to use this website.

We are aware that local (parish and town) councils need to be compliant with accessibility regulations relating to public sector websites

We know some parts of this website at present are not fully accessible in order to meet the WCAG standards, but having carried out an assessment and given careful consideration to the content of the legislation we have concluded that under Section 6, there would be a disproportionate burden on the Parish Council to implement the regulations.

Declaration of Burden

Thorner Parish Council having assessed the burden to the Council of making parts of the website accessible against the benefits of making those things accessible in terms of;

The Council's

Size and resources

The nature of our activities (these are not aimed at people who are likely to have a disability)

The cost and the impact that would have

What the additional benefit to disabled users would be by making changes.

Feedback and contact information
