

It will be some time before the Local Plan is finalised, but it is quite possible there will be sites in Thorner allocated as sites for development.

The Neighbourhood Plan recently adopted would be little help in determining what type of property might be built.

Do we want small 2 bed bungalows, or 4 bedroom family homes? Do we want a gated development of 5/6 bedroom mansions?

I would suggest, as a matter of urgency, a Group be formed to progress this.

It would mean conducting a detailed survey of residents, and formulating a plan based on the evidence obtained.

Volunteers to be sought to be involved.
